

## Applied Research Center Student Newsletter

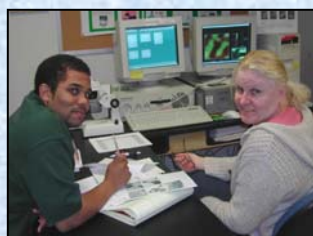

### LAB SESSIONS AND INDIVIDUAL SESSIONS

Joan Thomas teaches Thuong Nguyen and Olivia Penrose, from NSU, about the FT-IR

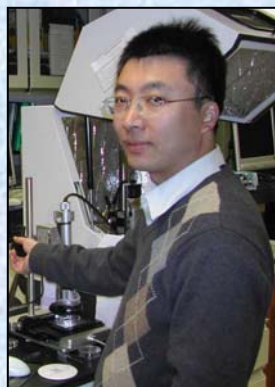

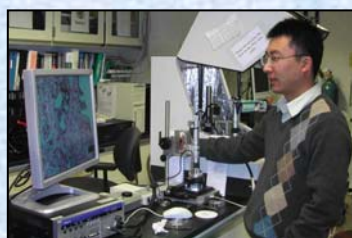

Amy Wilkerson teaches NSU student Sean Cherry about the AFM.

Haijian Chen, WM Post-Doc, continues to work on his project using the Hirox microscope

### Work In Progress

### \*\*\*\*\*Tour\*\*\*\*\*

**On 2-15 the Hampton Roads Research Partnership (HRRP) sponsored the Leadership Hampton Roads to a tour of the ARC University labs. Approximately 50 members were present for the event.**

Joan Thomas explains to one group about the FT-IR

The groups visited William and Mary, Norfolk State, Old Dominion, and Christopher Newport Universities, during their tour through the ARC.
